
Acalypha wilkesiana

Chenille or Firetail
Shade 8-10" tall Space 12" apart
Flowers are fluffy, pink & cattail like. Best in baskets & containers. Shade outside, bring indoors for fall/winter provide bright light.

Ageratum

Blue Horizon
Sun 30" tall Space 12" apart
Pastel blue blooms. Vigorous plant and nice cut flower. Easy care. Fertilize regularly with BR-61

Alternanthera

Green
Sun 12-18" tall Space 12-18" apart
Green and gold foliage w/insignificant flowers. Mounded, compact plants are ideal for landscapes & mixed containers.

Alternanthera

Pink Coat
Sun to Part Sun 6-12" tall Space 8" apart
Pink blotched foliage. Use for edging or in mixed containers.

Alternanthera brasiliana Purple Prince

Purple Prince
Part Sun to Sun 10-16" tall Space 18-20" apart
Durable carpet of ruby/burgundy foliage on a mounding, spreading plant. Great for low-maintenance landscapes or pots.

Alyssum

Easter Bonnet - White
Sun 4-6" tall Space 10-12" apart
Pure white blooms. Delicate, compact foliage. Nice in mixed containers to soften edges. Pleasant fragrance. Fertilize regularly with BR-61

Alyssum

Easter Bonnet Mix
Sun 4-6" tall Space 10-12" apart
Mix of petite pink, lavender, and white blooms. Delicate, compact foliage. Nice in mixed containers to soften edges. Pleasant fragrance. Fertilize regularly with BR-61

Angelonia

AngelMist - Basket Bluebird
Sun 4-8" tall Space 9-12" apart
Blue orchid-like trailing flowers. Nice accent plant in mixed container or alone in hanging baskets. Thrives in heat, no need to prune. Fertilize regularly.

Angelonia

AngelMist - Basket Combo
Sun 4-8" tall
White, pink, & purple trailing flowers. Nice accent plant in mixed containers as well. Thrives in heat, no need to prune. Fertilize regularly with BR-61

Angelonia

AngelMist - Basket Purple
Sun 4-8" tall Space 9-12" apart
Bluish-purple orchid-like trailing flowers. Look especially pretty when planted in baskets. Thrives in heat, no need to prune. Fertilize with BR-61. Prairie Star

Angelonia

AngelMist - Basket White
Sun 4-8" tall Space 9-12" apart
White orchid-like trailing flowers. Look especially pretty when planted in baskets. Nice accent plant in mixed containers as well. Thrives in heat, no need to prune. Fertilize regularly with BR-61

Angelonia

Serenita Mix
Sun 6-10" tall Space 6-8" apart
Mix of pink, purple & white orchid-like flowers on compact plants. Excellent for borders, landscapes & containers. Water during dry weather. Fertilize regularly with BR-61. Prairie Star

Angelonia

Serenita Purple
Sun 6-10" tall Space 6-8" apart
Purple orchid-like flowers on compact plants. Excellent for borders, landscapes & containers. Water during dry weather. Fertilize regularly with BR-61. Prairie Star

Angelonia

Serenita Raspberry
Sun 6-10" tall Space 6-8" apart
Reddish-purple orchid-like flowers on compact plants. Excellent for borders, landscapes & containers. Water during dry weather. Fertilize regularly with BR-61. Prairie Star

Angelonia

Serenita White
Sun 6-10" tall Space 6-8" apart
White orchid-like flowers on compact plants. Excellent for borders, landscapes & containers. Water during dry weather. Fertilize regularly with BR-61. Prairie Star

Asclepias curassavica

Silky Mix Butterfly Milkweed
Sun 24-28" tall Space 8-10" apart
Looks like the perennial version but this flower is a combination of red, yellow, and orange. Monarch butterflies love this flower! Likes a warm, dry location. This plant is an ANNUAL.

Asparagus Fern

Sprengeri
Sun to Shade 12" tall Space 12" apart
Delicate, airy-type fern. Loves humidity. Very vigorous grower but easy to divide. Makes a nice addition to any mixed container or grown alone in a hanging basket.

Bacopa

MegaCopa Blue
Part Shade to Part Sun 4-6" tall Space 12" apart
Rich bluish-lavender blooms. Makes a nice hanging basket. Keep moist especially in dry, hot weather. Prune periodically. Fertilize regularly with BR-61

Bacopa

MegaCopa White
Part Shade to Part Sun 4-6" tall Space 12" apart
Pure white blooms. Makes a nice hanging basket. Keep moist especially in dry, hot weather. Prune periodically. Fertilize regularly with BR-61

Begonia

Bonfire
Sun to Part Shade 8" tall Space 12" apart
Pendulous orange flowers. Excellent in containers & baskets. Fertilize regularly with BR-61

Begonia

Dragonwing Red
Shade to Part Shade 14-18" arching Space 12-14" apart
Back by popular demand! Upright, arching single red blooms.
Fertilize regularly w/BR-61. Prairie Star

Begonia

Harmony Mix
Part Sun to Shade 6-8" tall Space 8-10" apart
Mix of red, pink, and white blooms with bronze-accented foliage.
Compact and an all-season bloomer. Sun tolerant. Striking in mass plantings. Easy care. Fertilize regularly with BR-61

Begonia

Harmony Pink
Part Sun to Shade 6-8" tall Space 8-10" apart
Bright rosy-pink blooms with glossy green foliage. Compact and an all-season bloomer. Sun tolerant. Striking in mass plantings. Easy care. Fertilize regularly with BR-61

Begonia

Harmony Scarlet
Part Sun to Shade 6-8" tall Space 8-10" apart
Rich scarlet blooms. Compact and an all-season bloomer. Sun tolerant. Striking in mass plantings. Easy care. Fertilize regularly with BR-61

Begonia

Harmony White
Part Sun to Shade 6-8" tall Space 8-10" apart
White blooms with compact foliage, an all-season bloomer. Sun tolerant. Striking in mass plantings. Easy care. Fertilize regularly with BR-61

Begonia

Lady Carol
Part Sun to Shade 12-15" tall Space 9" apart
Double, bright red flowers. Thrives in fertile, moist soil. Provide extra water in sunny areas. Fertilize regularly with BR-61

Begonia

Lady Francis
Part Sun to Shade 12-15" tall Space 9" apart
Double, light pink flowers. Thrives in fertile, moist soil. Provide extra water in sunny areas. Fertilize regularly with BR-61

Begonia

Richmond
Part Sun to Shade 12-15" tall 12" apart
Pink flowers & multi-colored leaves. Heat tolerant. Especially pretty when planted in mass or as an accent plant in containers. Fertilize regularly w/Br61

Begonia - Rex

Jurassic Red Splash
Shade 10-16" tall Space 5-8" apart
Grown for its unique foliage, brightens up any shady location. Great in containers and mixed baskets.

Begonia - Rex

Jurassic Watermelon
Shade 10-16" tall Space 5-8" apart
Grown for its foliage not blooms. Brightens up any shady location. Great in containers and mixed baskets.

Begonia - Tuberous

Non-Stop Orange
Shade 8" tall Space 12" apart
Delicate, bright orange flowers. Do not overwater. Complete shade. Fertilize regularly with BR-61

Begonia - Tuberous

Non-Stop Pink
Shade 8" tall Space 12" apart
Flower is rose edged with a darker shade of rose inside. Wonderful garden performance and free flowering. Keep evenly moist. North and East exposure best. Fertilize regularly with BR-61

Begonia - Tuberous

Non-Stop Red
Shade 8" tall Space 12" apart
Delicate, deep red flowers. Do not overwater. Complete shade. Fertilize regularly with BR-61

Begonia - Tuberous

Non-Stop Yellow
Shade 8" tall Space 12" apart
Delicate, brilliant yellow flowers. Do not overwater. Complete shade. Fertilize regularly with BR-61

Bidens

Bee Alive
Part Sun 6-10" tall Space 12-15" apart
Pale yellow flower w/bright yellow stripe. Great in containers or beds. Fertilize regularly with BR-61. Prairie Star

Bidens

Sun Drop Bidens
Sun 10-14" tall Space 14-24" apart
Fabulous, heat loving, everblooming annual with brilliant yellow flowers. Good for large baskets & combo pots. Fertilize regularly w/BR 61

Bolivian Jew

Bolivian Jew
Sun to Shade 4" tall Space 12" apart
Vigorous, dense foliage which forms a beehive-appearance as a hanging basket. Will survive indoors or out.

Bougainvillea

White, Pink, Purple, Rasp, Gold, Orange
Sun Vining 2-20'
Clusters of papery bracts on thorny long stems. Striking appearance. Very heat and sun tolerant. Will survive indoors or out.

Caladium

Carolyn Whorton
Sun to Shade 18-24" tall Space 12-15" apart
Outstanding foliage plant with leaves of pink and green blotched with red veins. Striking accent plant for mixed containers. Beautiful in mass plantings.

Caladium

Gingerland
Sun to Part Sun 10-12" tall Space 12-15" apart
Foliage is creamy white w/ red spots and narrow green margins. Striking accent plant for mixed containers. Beautiful in mass plantings.

Caladium

Red Flash
Sun to Part Sun 18-24" tall Space 12-15" apart
Red center with pink spots and green edged leaves. Striking accent plant for mixed containers. Beautiful in mass plantings.

Caladium

White Christmas

Shade 18-24" tall Space 12-15" apart

Leaves are crisp white with wide, green veins. Remove insignificant flowers. Striking accent plant for mixed containers. Beautiful in mass plantings.

Calibrachoa

Cabaret Bright Red

Part Sun 6-10" tall Space 10-12" apart

Small petunia-like bright red flowers that trail. No deadheading. Excellent groundcover, baskets, planters, window boxes. Fertilize regularly with BR-61

Calibrachoa

Cabaret Combo

Part Sun 6-10" tall

Small petunia-like mix of colors. No deadheading necessary. Excellent groundcover or trailing plant for containers. Fertilize regularly with BR-61

Calibrachoa

Cabaret Deep Yellow

Part Sun 6-10" tall Space 10-12" apart

Small petunia-like yellow flowers that trail. No deadheading. Excellent groundcover, baskets, planters, window boxes. Fertilize regularly with BR-61

Calibrachoa

Cabaret Lavender

Part Sun 6-10" tall Space 10-12" apart

Small petunia-like lavender w/yellow center flowers that trail. No deadheading. Excellent groundcover, baskets, planters, window boxes. Fertilize regularly with BR-61

Cannova Yellow

Sun 30-48" tall Space 14-20" apart

Bright yellow, 3-4" blooms are held above the foliage. Use in pots or beds. Fertilize regularly with BR-61. Prairie Star

Celosia

Armor Mix

Sun to Part Shade 12-15" tall Space 6-8" apart

Large flower heads are held above robust plants w/lush foliage. The large, orange, purple, red, and yellow "brains" demand your attention! Can be dried too. Fertilize regularly w/BR-61

Celosia

Castle Mix

Sun to Part Sun 12-14" tall Space 12" apart

Mix of yellow, pink, and scarlet plumes. Often reseeds itself. Tolerates hot dry conditions. AAS winner!

Celosia

Flamingo Feather Purple

Sun 3-4' tall Space 10-12" apart

Purple tassel-like plumes. Excellent cut flower fresh or dried. Use as background plant. Often reseeds itself. Tolerates hot dry conditions. Prairie Star

Cleome

Clio Pink Lady

Sun to Part Sun 3-4' tall Space 1-2' apart

Light pink flowers w/upright growth habit. Blooms summer till frost. Seeds are sterile. Drought and heat tolerant. Fert regularly w/BR-61

Cleome 'Clio'

Clio Magenta

Sun to Part Shade 3-4' tall 1-2' apart

Pink to lavender flower color w/upright growing habit. Blooms summer till frost. Seeds are sterile. Fertilize regularly w/ BR 61

Coleus

Campfire

Sun to Shade 14-36" tall Space 24-36" apart

Eye-catching orange foliage stays vibrant in sun & shade. Good in beds as well as baskets.

Coleus

Chocolate Covered Cherry

Sun to Shade 12-14" tall Space 10-12" apart

Great performer in full sun/high humidity. Non fading multicolor pattern and manageable size make it perfect for containers as well as the garden.

Coleus

Gays Delight

Sun to Shade 18-24" tall Space 12-16" apart

Great performer in full sun/high humidity. Non fading multicolor pattern, pinch to control height if so desired, for containers as well as the garden.

Coleus

Giant Exhibition Mix

Part Sun to Part Shade 12-15" tall Space 15" apart

A showy & colorful variety w/ extra large leaves. Good in mixed containers. Pinch flower spikes and leggy foliage.

Coleus

Henna

Sun to Shade 14-28" tall Space 14-16" apart

Great performer in full sun/high humidity. Non fading multicolor pattern and manageable size make it perfect for containers as well as the garden.

Coleus

Kings Wood Torch

Sun to Shade 15-18" tall Space 18-24" apart

Upright habit, grows well in sun or shade. Great in beds, pots, or mixed containers.

Coleus

Lava Rose

Sun to Shade 8-12" tall Space 18-24" apart

Neat, compact foliage has a green margin which surrounds burgundy which lightens to rose in the center. The trailing habit make it ideal for mixed containers, baskets and in the landscape.

Coleus

Mint Mocha

Sun to Shade 18-24" tall Space 15" apart

Colorful foliage excellent for bed, borders or outdoor containers. Pinch flower spikes and leggy foliage. For best color patterns, avoid high-light conditions

Coleus

Redhead

Sun to Shade 18-24" tall Space 15" apart

Bright red foliage excellent for bed, borders or outdoor containers. Pinch flower spikes and leggy foliage.

Coleus

Solar Flare

Sun to Shade 18-24" tall Space 16-18" apart

Bold foliage colors for any landscape or combination pots or baskets. Full sun, full shade, and anything in between.

Coleus

Wasabi

Sun to Shade 18-28" tall Space 16-28" apart

Great performer in full sun/high humidity. Non fading multicolor pattern and manageable size make it perfect for containers as well as the garden. Looks great w/Redhead! Prairie Star

Coleus

Wizard Mix

Part Shade to Part Sun 12-14" tall Space 10-12" apart

Compact & uniform, medium-leafed in a wide variety of color combinations.

Cordyline

Red Star Cordyline

Sun to Part Sun 3-5' tall Space 2' apart

Sword-shaped leaves of ruby red to burgundy. Great in pots, containers, landscape.

Cosmos

Sonata Mix

Sun to Part Sun 20-24" tall Space 12-15" apart

Mix of pink, white & carmine flowers. Tall enough for cutting but compact enough for use in borders and containers. Often reseeds itself. Fertilize regularly with BR-61

Cuphea

Batface

Sun 12-14" tall Space 12-14" apart

Dark red petals spotted w/purple on compact mounding plant. Great for containers, baskets, beds, & borders. Fertilize with BR-61

Cuphea

Flamenco Samba

Sun 12-14" tall Space 12-14" apart

Dark red petals spotted w/purple on compact mounding plant. Great for containers, baskets, beds, & borders. Fertilize with BR-61

Cuphea

Lavender Lace

Sun 6-8" tall Space 12-18" apart

Small-leaved plant that blooms profusely on a compact semi-trailing habit. Adds sizzle to containers, baskets, beds, & borders. Fertilize with BR-61

Cuphea

Vermillionare, Firecracker Plant

Sun 18-28" tall Space 12-18" apart

Yellow-tipped orange flowers on mounded plant. Heat and drought tolerant. Fert regularly w/BR-61

Cuphea

White

Sun 15-18" tall Space 12-15" apart

White flowers. Great for pots or borders. Also called Mexican Heather. Fertilize weekly with BR-61 for spectacular blooms.

Cyperus alternifolius

Umbrella Plant

Part Shade 4' tall Space 24-30" apart

Semi-aquatic plant that loves a rich, porous, moist soil. Can be a great foliar accent in containers as well as water gardens.

Lemon Bush

Sun >3' Space 15-20" apart

Grown for its foliage and mosquito repellent qualities. Use in containers or landscape.

Eucalyptus cinerea

Eucalyptus

Sun 3' tall Space 15" apart

Grown for its foliage, works well in large containers. Cut for fresh or dried arrangements.

Euphorbia

Breathless Blush

Sun to Part Sun 10-14" tall Space 12-15" apart

Pale pink, airy blossoms. Great in any combo containers.

Fertilize regularly with BR-61

Euphorbia

Breathless White

Sun to Part Sun 10-14" tall Space 12-15" apart

White, airy blossoms. Great in any combo containers. Fertilize regularly with BR-61

Evolvulus

Blue Daze

Sun 6" tall Space 12" apart

Low spreading plant producing sky blue flowers. Good groundcover. Fertilize weekly with BR-61 for spectacular blooms.

Fern

Boston varieties

Shade Cascading 8-18"

Excellent foliage plant for accents in shaded containers. Can be taken indoors in fall for use as a houseplant.

Fern

Compacta

Shade Cascading 2'

This bright green variety will have shorter fronds than a regular Boston fern. It thrives in humid conditions and may require misting.

Fern

Roosevelt

Shade Cascading 8-18 in. 12-18 in. apart

This plant is a champion! Vigorous cascading growth. Grows best with good soil drainage.

Gazania

New Day Bright Mix

Sun to Part Sun 8-10" tall Space 6-10" apart

Flower shades in bronze, yellow, orange, and pink. An excellent hot weather plant. Fertilize regularly with BR-61

Geranium

Citronella

Sun to Part Sun 12-14" tall Space 12" apart

Grown for its highly scented foliage. Insignificant flowers. Helps in repelling mosquitoes.

Geranium

Citronella Lemon

Sun to Part Sun 12-14" tall Space 12" apart

Grown for its highly scented foliage. Insignificant flowers. Helps in repelling mosquitoes.

Geranium

Cutting - Calliope Crimson Flame

Sun to Part Sun 10-12" tall Space 10-12" apart

Large semi-double crimson flowers, stands up to Kansas heat. Excellent hanging in a basket or in a pot on the deck. Fertilize regularly w/BR-61

Geranium

Cutting - Calliope Dark Red

Sun to Part Sun 10-12" tall Space 10-12" apart

Deep, dark red flowers with semi-trailing habit. Good heat tolerance and garden performance. Allow soil to dry slightly between waterings. Fertilize regularly with BR-61.

Geranium

Cutting - Rocky Mountain Orange

Sun to Part Sun 12-18" tall Space 18" apart

Plant produces larger than normal, orange flowers with a medium-vigorous growth habit. A premium garden performer. Allow soil to dry slightly between waterings. Fert. regularly w/ BR-61. Prairie Star

Geranium

Cutting - Rocky Mountain Pink

Sun to Part Sun 12-15" tall Space 18-24" apart

Bright pink, semi-double flowers with good heat tolerance and garden performance. Allow soil to dry slightly between waterings. Fertilize regularly with BR-61. Prairie Star

Geranium

Cutting - Rocky Mountain Red

Sun to Part Sun 12-18" tall Space 18" apart

Plant produces larger than normal, dark red flowers w/ a medium-vigorous growth habit. A premium garden performer. Allow soil to dry between waterings. Fert regularly w/ BR-61. Prairie Star

Geranium

Cutting - Rocky Mountain Violet

Sun to Part Sun 12-18" tall Space 18" apart

Flowers are violet in color. Overall plant size is not as large as other Geraniums. Allow soil to dry slightly between waterings. Fertilize regularly with BR-61. Prairie Star

Geranium

Cutting - Rocky Mountain White

Sun to Part Sun 12-15" tall Space 12" apart

Bright white flower above dark green foliage. Does well in containers and landscape. Fertilize regularly w/BR-61. Prairie Star

Geranium

Ivy - Contessa Purple

Sun to Part Shade 12" tall Space 10" apart

Deep burgundy/black flowers. Ideal for hanging baskets, window boxes, or pots. Plants grow best w/6 hrs sun. Water frequently & thoroughly. Fertilize weekly with BR-61 for spectacular blooms.

Geranium

Ivy - Contessa White

Sun to Part Shade 12" tall Space 10" apart

Single blush white flower. Ideal for hanging baskets, window boxes, or pots. Plants grow best w/6 hrs sun. Water frequently & thoroughly. Fertilize weekly with BR-61 for spectacular blooms.

Geranium

Ivy Contessa Red

Sun to Part Shade 12" tall Space 10" apart

Single red flower. Ideal for hanging basket, window box, or pots. Grows best w/6hrs of sun and ample water. Fertilize regularly.

Geranium

Seed - Deep Salmon

Sun 12-16" tall 12-15" apart

Deep salmon colored flowers. Good in landscape and containers. Fertilize regularly with BR-61

Geranium

Seed - Picotee

Sun 12-16" tall 12-15" apart

Two-toned salmon & white flowers. Good in landscape and containers. Fertilize regularly with BR-61

Geranium

Seed - Red
Sun 12-16" tall 12-15" apart
Red flowers. Good in landscape and containers. Fertilize regularly with BR-61

Geranium

Seed - Rose
Sun 12-16" tall 12-15" apart
Rose flowers. Good in landscape and containers. Fertilize regularly with BR-61

Geranium

Seed - Violet
Sun 12-16" tall 12-15" apart
Violet flowers. Good in landscape and containers. Fertilize regularly with BR-61

Geranium

Seed - White
Sun 12-16" tall 12-15" apart
Pure white flowers. Good in landscape and containers. Fertilize regularly with BR-61

Gerbera

Gerbera Revolution Mix
Sun to Part Sun 6-10" tall Space 12-14" apart
Uniform mix of bold, bright colors; compact, uniform plant. Lovely addition to pot or garden. Fertilize regularly w/Br 61

Glechoma hederacea

Ground Ivy, Creeping Charlie
Part Sun to Shade 3-6" tall Space 10-14" apart
In the mint family, low growing foliage w/blue flowers. Because this plant is in the mint family, it may be aggressive. Use this plant as a filler in your pots.

Gomphrena

Gnome Purple
Sun 6-10" tall Space 6-10" apart
Purple, ball-shaped flowers on a compact plant. Loves hot, humid areas and dry conditions.

Gomphrena

Mix
Sun 6-10" tall Space 6-10" apart
Mix of purple and white ball-shaped flowers on compact plants. Loves Kansas summers!

Gomphrena

Woodcreek - Carmine
Sun 24" tall Space 12-18" apart
Very heat tolerant plants producing carmine shaded flowers with dark leaves. Large flowers are excellent for drying. Fertilize with BR-61

Gomphrena

Woodcreek - Red
Sun 24" tall Space 12-18" apart
Very heat tolerant plants producing red flowers with dark leaves. Large flowers are excellent for drying. Fertilize with BR-61

Helianthus

Sunflower Sunfinity Yellow Dark-eye
Sun 48" tall Space 24-32" apart
The next generation of sunflower that offers nonstop blooming, yellow /dark center.

Helichrysum

Curry Plant
Sun 20-24" tall Space 18-24" apart
Blooms yellow on upright, dusty-gray foliage; highly aromatic plant reminiscent of curry. Drought tolerant. Use as filler plant in containers and landscape.
