

---

**Aronia**

Low Scape Mound Aronia

Sun to Part Shade 1-2' tall 2' across

A dwarf Aronia that is ideal for mass planting. Adaptable to wet or dry soils. Deep green glossy foliage, loads of white spring flowers, purple-black fruit in summer, and red-orange fall color.

---

**Aronia**

Viking Chokeberry

Sun to Part Shade 4-6' tall 3-5' across

An attractive plant with white flowers in spring and large glossy green foliage that turns red and orange in the fall. Produces large clusters of black fruit high in vitamins. Easily grown.

---

**Berberis**

Crimson Pygmy Barberry

Sun 2' tall 2-3' across

Dense low spreading compact form and dark burgundy foliage. Excellent accent plant for foundation plantings or low barrier hedge.

---

**Berberis**

Gold Nugget Barberry

Sun 12-18" tall 18-24" across

Bright lemon yellow foliage all season long. Excellent accent plant for foundation plantings or low barrier hedge.

---

**Berberis**

Rosy Glow Barberry

Sun 4-5' tall 4-5' across

Colorful rose and pink mottled foliage that matures to a deep purple. Outstanding accent plant for foundation plantings or hedges.

---

**Berberis**

Ruby Carousel Barberry

Sun 3-4' tall 3-4' across

A low, rounded, red leafed barberry with excellent uniformity. A great choice for hedges or foundation plantings.

---

**Callicarpa**

Issai Beautyberry

Sun to Part Shade 3-4' tall 3-4' across

This plant has an outstanding compact habit and early fruiting age. Delicate flowers in spring give way to beautiful lavender-purple berries produced along the stems in late summer.

---

**Chaenomeles**

Texas Scarlet Quince

Sun to Part Shade 2-3' tall 3-4' across

Low spreading shrub with fiery scarlet blossoms in April and glossy foliage in summer. Provides excellent early spring color in the landscape. Prune after flowering. Useful as a hedge.

---

**Cornus**

Red Twig Dogwood

Sun to Part Shade 6-8' tall 6-8' across

A strong growing shrub with white flowers in summer and dark red stems in winter. Does well in wet locations.

---

**Cotinus**

Royal Purple Smokebush

Sun 8-10' tall 8-10' across

Large shrub, or small tree, with brilliant purple colored foliage that keeps its color all season long. Large, beige, feathery plumes appear in midsummer which gives the plant a smokey appearance.

---

**Euonymus**

Compact Burning Bush

Sun to Part Shade 5-8' tall 5-8' across

A dense, twiggy, flat-topped, mounded shrub with dark green leaves that turn a brilliant rose-red in fall. Compact branching does not mean dwarf by any means. Responds well to pruning.

---

**Euonymus**

Little Moses Burning Bush

Sun 2-3' tall 2-3' across

A very dwarf form of the popular Burning Bush shrub. An adaptable shrub that is a perfect size for many locations in the landscape. Fall foliage is a showy fire engine red.

---

**Euonymus**

Rudy Haag Burning Bush

Sun to Part Shade 3-5' tall 3-5' across

A true dwarf, extremely slow-growing with consistent red fall color. Use this plant in situations where a regular burning bush gets too large.

---

**Forsythia**

Lynwood Gold Forsythia

Sun 6-8' tall 8-10' across

An old time favorite with an upright spreading habit and big yellow flowers up the entire length of stems. Flowers appear before leaves emerge. Prune after flowering. Useful as a hedge.

---

**Hydrangea**

Annabelle Hydrangea

Shade 4-5' tall 3-5' across

A stunning white hydrangea, often producing blossoms over 10" in diameter. The huge white blooms appear in profusion without fail every year, even after intensely cold winters or heavy pruning.

---

**Hydrangea**

Berry White Hydrangea

Sun to Part Shade 5-7' tall 4-5' across

A new hydrangea with strong upright stems that will not flop when the plant is in full bloom. Large, cone-shaped, white flowers emerge in mid-summer and turn dark pink over time.

---

**Hydrangea**

Diamond Rouge Hydrangea

Sun to Part Shade 4-5' tall 3-4' across

A Hydrangea with abundant, long lasting, rounded flower heads that start white and slowly darken through the summer to wine red. Flowers start blooming in July.

---

**Hydrangea**

Endless Summer BloomStruck Hydrangea

Shade to Part Sun 3-4' tall 4-5' across

This new plant will reliably produce large mophead flowers of pink or blue depending on the soil pH. Fall leaf color is a lovely reddish-purple.

---

**Hydrangea**

Endless Summer The Original Hydrangea

Part Shade 3-4' tall 3-4' across

A small shrub that produces large flowers all summer long. The flowers are pink if planted in alkaline soil and blue in acidic soil. Removing old flowers will stimulate rebloom.

---

**Hydrangea**

Magical Flame Hydrangea

Sun to Part Shade 3-4' tall 3-4' across

A sun loving Hydrangea with white flowers in mid-summer. The white flowers fade to burgundy-red as summer changes to fall.

---

**Hydrangea**

Oakleaf Hydrangea

Part Shade 4-6' tall 4-6' across

Large, leathery, oak-shaped leaves develop spectacular fall colors ranging from wine-red to purple to burgundy. July blooms go through a color transformation from white to pink to creamy-bronze.

---

**Hydrangea**

Phantom Hydrangea

Sun to Part Shade 6-8' tall 6-8' across

An impressive Hydrangea with huge 15" cone-shaped flowers that start to appear in July. Starting out light green, slowly changing to white, then pink in fall. Upright and sturdy stems won't flop.

---

**Hydrangea**

Pink Diamond Hydrangea

Sun to Shade 8-10' tall 8-10' across

Extremely large white florets emerge in July and transform to a rich pink that matures to a beautiful rose-purple. Flowers are held distinctly upright. Prune heavily in early spring. Good as hedge.

---

**Hydrangea**

Ruby Slippers Hydrangea

Sun to Part Shade 3-4' tall 4-5' across

White summer flowers quickly turn pale pink, then deepen to rose and may reach 9 inches in length. Mahogany-red fall color.

---

**Hydrangea**

Strawberry Sundae Hydrangea

Part Shade to Part Sun 4-5' tall 3-4' across

Flowers emerge white in mid-summer and slowly darken to red with a compact growth habit.

---

**Hypericum**

Starburst Hypericum

Sun to Part Shade 2-3' tall 3-4' across

A very hardy shrub with bluish-green foliage. Bright yellow flowers that appear to be miniature starburst cover the plant in June. Makes a lovely facer plant or hedge.

---

**Itea**

Henry's Garnet Sweetspire

Sun to Part Shade 3-5' tall 4-6' across

Fragrant white flowers in June and July. Prefers moist, fertile soils. Foliage changes to a scarlet crimson in the fall. Tolerates wet locations.

---

**Ligustrum**

Golden Vicary Privet

Sun 6-8' tall 5-6' across

Compact shrub with waxy, bright yellow leaves. Produces white flowers in June, and black berries in September, when not pruned. Tolerant of heavy pruning, and excellent for hedges.

---

**Lonicera**

Honeybush Honeysuckle

Sun 2' tall 4' across

Sprays of old fashioned honeysuckle flowers of red and cream adorn this plant from June-August. Produces a wonderful fragrance. Groundcover form of our native climber.

---

**Physocarpus**

Amber Jubilee Ninebark

Sun 5-6' tall 3-4' across

A new plant selection with striking foliage in glowing tones of orange, yellow, and gold. Rounded and dense in habit, delicate white blooms in spring, red and purple fall foliage.

---

**Physocarpus**

Darts Gold Ninebark

Sun to Part Shade 4-5' tall 4-5' across

Great for a splash of color, the bright golden-chartreuse foliage really stands out in the landscape all summer long. In fall the leaves gain a bronze tint. White flowers bloom in summer.

---

**Physocarpus**

Festivus Gold Ninebark

Sun 3-4' tall 3-4' across

An improved dwarf Ninebark with bright gold foliage. It maintains its yellow coloration throughout the season and is great in the landscape. Drought tolerant and very adaptable.

---

**Physocarpus**

Little Angel Ninebark

Sun to Part Shade 20-24" tall 20-24" across

A very dwarf form of Ninebark with, gorgeous orange-red foliage in spring that darkens to burgundy in summer. Blooms in summer with white flowers, followed by dark fruit. Thrives in any soil type

---

**Physocarpus**

Little Devil Ninebark

Sun to Part Shade 3-4' tall 3-4' across

A new compact Ninebark with deep burgundy foliage. Will make a wonderful accent in any garden with its dark foliage and white flowers in June. An easy care plant that needs little attention.

---

**Prunus**

Dwarf Flowering Almond

Sun to Part Shade 4-5' tall 3-4' across

Memories of Grandma flood back with this old time favorite. Double pink flowers line the stems in early spring. Followed by bright green, shiny foliage. Very showy when in bloom. Useful as hedge.

---

**Prunus**

Purpleleaf Sandcherry

Sun to Part Shade 6-8' tall 5-8' across

Upright shrub producing small pale pink blossoms in spring and deep burgundy summer foliage. Excellent accent plant for foundation, border plantings or hedges.

---

**Rhamnus**

Tallhedge Buckthorn

Sun 10-15' tall 2-3' across

A rapid growing shrub with a narrow columnar growth habit and glossy, dark green foliage. Beautiful berries appear in late summer add interest to this plant.

---

**Rhus**

Gro Low Sumac

Sun to Part Shade 2-3' tall 6-8' across

A low spreader with glossy green foliage, good flower and fruit production, and superb orange-red fall color. A low maintenance groundcover. Great for tough areas. Tolerates dry soils.

---

**Rhus**

Tiger Eyes Staghorn Sumac

Sun to Part Shade 6' tall 6' across

A beautiful golden-leaved form of cutleaf Staghorn Sumac. New growth is light green quickly turning yellow, with the fall colors ranging from yellow to intense scarlet. An excellent accent plant.

---

**Rosa**

At Last Rose

Sun 2-3' tall 2-3' across

Finally - a fragrant modern rose. This shrub rose will produce fully-petaled fragrant orange flowers throughout the year. The plant has handsome glossy foliage and vigorous growth.

---

**Rosa**

Burning Embers Rose

Sun 2-3' tall 3' across

Orange double flowers w/darker orange edge that cover the shrub all season long. Glossy foliage is resistant to both insects and disease.

---

**Rosa**

Double Knock Out Rose

Sun to Part Sun 3-4' tall 3-4' across

Twice the number of petals as Knockout makes this rose a big hit. Red blooms from early June to hard frost. Winter hardy and some shade tolerance.

---

**Rosa**

Italian Ice Rose

Sun 16-24" tall 24-30" across

Italian Ice Rose's orange buds open to soft yellow flowers melting into pink blushed margins. The Peace-like color is set off by its dark green, glossy foliage. Semi-double, self-cleaning flowers

---

**Rosa**

Knock Out Rose

Sun to Part Sun 3-4' tall 3-4' across

Deep cerise buds open to blooms of cherry red backed by deep foliage tinged with burgundy. In fall, foliage takes on a deeper burgundy cast and bright orange-red hips appear. Very disease resistant.

---

**Rosa**

Lady Elsie May Rose

Sun 30-36" tall 24" across

This vigorous shrub rose grows quickly into a mounded plant with lush waxy, green foliage and a profusion of coral-pink blossoms throughout the summer and fall. Excellent disease resistance.

---

**Rosa**

Peach Drift Rose

Sun 1-2' tall 2-3' across

A beautiful ground cover rose with double flowers that open a dark mottled peach blend and slowly turn to a light peach color.

---

**Rosa**

Red Drift Rose

Sun 1.5' tall 2-3' across

A petite rose plant with great abundances of small red flowers with white eyes. Makes a great fill-in plant and will brighten up a dull spot in your landscape. Blooms from late spring till frost.

---

**Rosa**

Sunrise Sunset Rose

Sun 2-3' tall 2-3' across

As the name implies, Sunrise Sunset is a stunning blend, with bright fuchsia-pink petals, blending to apricot near the center. Its dense low growing habit makes it excellent as a groundcover.

---

**Rosa**

Top Gun Rose

Sun 36-48" tall 36-48" tall

A new rose variety bred for disease resistance. This rose has deep glossy green foliage all season, and ruby-red semidouble flowers in spring through fall. Has shown resistance to rose rosette disease

---

**Salix**

Flamingo Willow

Sun to Part Shade 4-5' tall 4-5' across

An interesting willow with the foliage emerging pink than slowly fading to green and white. Cut back hard in the spring and shear to maintain variegation. Good for wet sites.

---

**Salix**

Iceberg Alley Sageleaf Willow

Sun 3-5' tall 3-5' across

A very hardy shrub with powdery, silver foliage. It blooms in spring with a very pretty silver catkin with red stamens that can be cut for early spring decorations. A great addition to the landscape.

---

**Sambucus**

Lemony Lace Sambucus

Sun to Part Sun 3-4' tall 3-4' across

A very hardy cut-leaf elderberry with bright golden foliage. Lemony Lace is a colorful, shaggy mound of gold with red new growth. White spring flowers produce red fruit in fall. Prefers moist soil.

---

**Sorbaria**

Matcha Ball Ash Leaf Spirea

Sun 2-3' tall 3-4' across

A small shrub forming a round ball of pretty fern-like foliage in a fresh shade of green. Foliage emerges with a range of colors from red to an orange peach, maturing to green.

---

**Spiraea**

Alpine Spirea

Sun to Part Shade 12-15" tall 2-3' across

A dwarf, compact plant with small blue-green leaves and dainty, pink, powder puff flowers. An excellent landscape plant that combines well with other plants. Prune in early spring.

---

**Spiraea**

Dakota Goldcharm Spirea

Sun 12-15" tall 2-3' across

A dwarf, gold leafed spirea with bronze tips and bright pink flowers. An outstanding plant for the front of the border or even the perennial garden! Prune in early spring.

---

**Spiraea**

Double Play Candy Corn Spirea

Sun to Part Shade 12-24" tall 12-24" across

A spirea with a sweet display of bright candy apple red foliage in early spring. The foliage matures a pineapple yellow color, contrasting with the new growth. Dark purple blooms in late spring.

---

**Spiraea**

Gold Mound Spirea

Sun 18-24" tall 2-3' across

A bushy plant with bright yellow foliage all season. Clusters of light pink flowers in June and July. Outstanding accent plant for color or contrast in a foundation planting. Prune in early spring.

---

**Spiraea**

Little Princess Spirea

Sun 2-3' tall 3' across

Dwarf mounding, compact shrub with lavender-pink flowers from June to Sept. Blue-green leaves in summer changing to reddish-purple in fall. Prune in early spring. Great as a low hedge.

---

**Spiraea**

Magic Carpet Spirea

Sun 18-24" tall 2' across

A dwarf spirea with vibrant red leaf tips above a backdrop of bright gold foliage. Add pinkish-purple flowers in summer and you have season long interest. Prune in early spring. Good low hedge.

---

**Spiraea**

Neon Flash Spirea

Sun 3' tall 3' across

This shrub lights up the summer landscape with neon red flower clusters. New foliage emerges with purplish tint, turns green and changes to dark burgundy in fall. Prune in early spring. Good hedge.

---

**Spiraea**

Norman Spirea

Sun 2-3' tall 3' across

A very fine, semi-dwarf, upright mound of rosy pink flowers. Best fall color of spireas; raspberry-purple to red foliage. Makes a great little hedge or low foundation plant. Prune in early spring.

---

**Spiraea**

Snow White Spirea

Sun 4' tall 3-4' across

Cascading pure white flowers in April or May. Dark blue-green foliage forms a vase shaped shrub. Good shrub for hedges or shrub borders. Prune after flowering in the spring.

---

**Syringa**

Betsy Ross Lilac

Sun 8-10' tall 8-10' across

An American beauty that thrives even in hot climates. Selected for its pure white flowers, compact, rounded growth, and mildew tolerance. Thick dark green foliage.

---

**Syringa**

Bloomerang Dark Purple Lilac

Sun 4-6' tall 4-6' across

A medium sized Lilac with Purple flowers in mid-spring. The bloom is heavy in spring with abundant fragrant flowers, followed in summer with a second lighter bloom.

---

**Syringa**

Common Purple Lilac

Sun 12-15' tall 8-12' across

Old-fashioned lilac that is everyone's favorite. Lavender-purple flowers that appear in May are the most fragrant of all lilacs. Good for screens and windbreaks. Prune after flowering in spring.

---

**Syringa**

Declaration Lilac

Sun 8-10' tall 6-8' across

A plant selection from the National Arboretum. It was selected for its large, fragrant, dark reddish-purple flowers and clean foliage. With an upright growth habit. It blooms before other lilacs.

---

**Syringa**

Dwarf Korean Lilac

Sun 4-5' tall 5-7' across

A very hardy, low growing lilac with lavender colored blossoms. Very fragrant. Dense, dark green, mildew resistant foliage. Excellent foundation plant. Prune after flowering in spring.

---

**Syringa**

Purple Persian Lilac

Sun 4-6' tall 5-10' across

Vigorous upright growing Lilac with dark green leaves and arching branches. Profusion of fragrant lilac-purple blossoms in spring. Great for general planting because of free blooming qualities.

---

**Syringa**

Royal Purple Lilac

Sun 8-10' tall 6-8' across

This is an early blooming hybrid with fragrant, dark purple double flowers.

---

**Viburnum**

Cayuga Viburnum

Sun to Part Shade 6-7' tall 6-7' across

A large rounded shrub with very fragrant flowers in late April and early May. The flower buds are a light pink opening into waxy white flowers. Russet-red fall color.

---

**Viburnum**

Compact European Cranberrybush Viburnum

Sun 4-5' tall 5-6' across

A compact Viburnum with single white flowers in spring followed by showy scarlet fruit which hangs on till spring. Excellent in mass plantings.

---

**Viburnum**

Dwarf European Cranberrybush Viburnum

Part Sun to Shade 2-3' tall 2-3' across

A selected form of *V. opulus*. An extremely dense mounded form, requiring no trimming. Poundation plant or low hedge. Tolerant of wet soils. Rarely flowers

---

**Viburnum**

Emerald Triumph Viburnum

Sun to Shade 5-6' tall 5-6' across

A compact, rounded shrub with glossy, deep emerald, green leaves. Creamy-white flowers in May are followed by red fruits turning black in late summer. Good for foundations and shrub borders.

---

**Viburnum**

Koreanspice Viburnum

Sun to Part Sun 6-8' tall 5-6' across

A classic Viburnum with pink buds in early spring expanding to reveal white snowball flowers with the most delicious spicy-sweet scent. Beautiful burgandy fall color in fall.

---

**Viburnum**

Popcorn Viburnum

Sun to Part Sun 4-6' tall 4-6' across

Blooms form large balls and resemble snowballs. Foliage is small and leathery, turning burgundy in the fall. Compact rounded shrub makes a great foundation, hedge, or specimen plant.

---

**Viburnum**

Raspberry Tart Viburnum

Sun to Part Shade 4-5' tall 4-5' across

A compact shrub that will grow in a wide variety of conditions. It has white flowers in spring, bluish-black fruit in late summer, and brilliant raspberry to wine fall color.

---

**Viburnum**

Snowball Viburnum

Sun 12' tall 8' across

Many clusters of large pure white snowball-like flowers cover this shrub in late spring. Bright green foliage with reddish overtones in fall. Very showy when in bloom.

---

**Viburnum**

Summer Snowflake Viburnum

Sun to Part Shade 4-5' tall 4-6' across

A compact Viburnum that will produce large clusters of white flowers through the late spring and summer. It has charming bright red fruit in the fall.

---

**Weigela**

Minuet Weigela

Sun to Part Shade 24-36" tall 2-3' across

Fragrant, two-toned magenta-rose and light purple flowers bloom freely for 3 to 6 weeks. The leaves are green with a hint of red.

---

**Weigela**

Polka Weigela

Sun to Part Shade 4-6' tall 3-4' across

Large bright pink flowers cover this compact plant. Extremely long blooming period from June to September. A very hardy and desirable weigela.

---

**Weigela**

Red Prince Weigela

Sun to Part Shade 5-6' tall 5-6' across

An excellent weigela with abundant dark red flowers in May and June that resist fading. Has rich, dark green foliage. A hardy re-bloomer. May have second flush of blooms in late summer.

---

**Weigela**

Tango Weigela

Sun 2-3' tall 2-3' across

Tango has a compact, bushy habit with standout purple foliage. The flowers are a beautiful red with a yellow throat and contrast nicely with the foliage.

---

**Weigela**

Wings of Fire Weigela

Sun to Part Shade 3-4' tall 3-4' across

This Weigela is not a heavy flowerer, however it does have beautiful summer foliage. In summer green leaves turn red burgundy and bronze. In fall the foliage turns fiery-red. Pink blooms in spring.
