**Lamium**

Gold Lamium  
Shade to Part Shade  
6" tall Space 12-15" apart  
Lavender-pink flowers in spring to summer. All gold leaf with white center. Good contrast plant in containers and landscape.

---

**Lamium**

White Nancy Lamium  
Shade  
6" tall Space 12" apart  
An excellent ground cover plant with heavy variegation. Leaves are silvery gray with a green margin and lavender-pink flowers.

---

**Lathyrus**

Everlasting Sweet Pea

Sun

6'+ vining Blooms summer and fall

A vigorous vine with Pea-like foliage producing a mix of red, rose and white flowers. For best display of flowers, some sort of trellis or support will need to be provided for the vine to grow on.

---

**Lonicera**

Goldflame Honeysuckle

Sun

10-20' vine

A hardy and everblooming vine that produces large flame-coral trumpets lined with gold. Best used on a trellis or fence.

---

**Lonicera**

Purpleleaf Honeysuckle

Sun to Shade

15-30' vine Space 2-3' apart

This sprawling grower has vine-like stems displaying green leaves tinted purple underneath. Fragrant yellow flowers with white insides are attractive to hummingbirds in summer.

Vigorous ground cover.

---

**Pachysandra**

Japanese Pachysandra

Shade to Part Shade

4-6" tall Space 6-9" apart

An excellent ground cover for small shady areas. This selection has attractive stems that hold extremely glossy bright green leaves.

---

**Passiflora**

Passion Flower

Sun

10-15' tall

A very fast growing vine that produces exotic blue and white flowers. An excellent patio plant.

---

**Polygonum**

Silver Lace Vine

Part Sun to Shade

20-30' vining Blooms summer and fall

An extremely fast growing vine that produces profuse fragrant white flowers in late summer and fall. Great for growing on fences and masonry walls.

---

**Sedum**

Dragons Blood Sedum

Sun

1-2" tall Space 6-9" apart

This selection has bronze-red foliage that keeps its color all season long. Rose-red flowers appear on short stalks above the foliage. Tolerates light foot traffic.

---

**Sedum**

Sunray Sedum

Sun to Part Shade

6" tall Space 9-12" apart

Excellent ground cover for slopes or dry sunny areas. Green foliage stays nice all season. Produces clusters of lemon yellow flowers. Tolerates moisture and partial shade better than other sedums.

---

---

**Thymus**

Doone Valley Thyme

Sun to Part Sun

2-3" tall Space 6-8" apart

Perennial herb with small yellow flecked, lemon scented foliage. Light, purple flowers. Nice groundcover. Leaves and blossoms are used as brilliantly colored, fragrant garnish. Moderate foot traffic.

---

**Thymus**

Silver Thyme

Sun to Part Shade

6-12" tall Space 12" apart

Forms a mound of delicate silver-edged foliage that becomes adorned with pale lavender flowers in spring and summer.

---

**Vinca**

Vinca Minor

Shade

6" tall Space 6-9" apart

One of the best groundcovers for shade, displaying shiny, dense luxuriant foliage. To enhance the spectacular foliage are pale lavender-blue flowers in spring. Moderate foot traffic.

---

**Wisteria**

Cooke's Purple Wisteria

Sun

Vining 10' per season

Impressive show of large, fragrant, purple blossoms on long racemes covering vines in early spring. Will also rebloom sporadically throughout the summer.
